- Contraceptive counseling
- Diaphragms and contraceptive rings
- Injectable contraceptives
- Intrauterine devices (IUDs)
- Implantable contraceptives
- Salpingectomy
- Tubal ligation or tubal occlusion/tubal blocking procedures only
- Vasectomy

The contraceptive benefit includes at least one option in each of the HRSA-supported categories of contraception (as well as the screening, education, and follow up care). Any voluntary sterilization surgery that is not already available without cost-sharing can be accessed through the contraceptive exceptions process. Simply visit www.fepblue.org, type in family planning and look for the exception form under our voluntary family planning services, or you may call the number on the back of your ID card and request a form. Once we have been contacted with exception request information sufficient for us to make a determination, you will receive a response within 24 hours or the next business day. Contraceptive exception requests are not subject to Section 8, *The Disputed Claims Process*. If you have difficulty accessing contraceptive coverage or other reproductive healthcare, you can contact contraception@opm.gov.

Note: When billed by a facility, such as the outpatient department of a hospital, we provide benefits as shown here, according to the contracting status of the facility.
